OFFICERS WHO WILL ACCOMPANY THE KAISER'S BROTHER.

Rear Admiral Robley D. Evans to Have Charge of the Naval Display in Honor of the Germans.

## PREPARATIONS AT BERLIN

PRINCE HENRY TO SAIL ON THE KRONPRINZ WILHELM FEB. 15.

Will Board the Hohenzollern at Newport News—Royal Silver Treasures on the Yacht.

WASHINGTON, Jan. 15.—Dr. Von Holleben, the German ambassador at Washington, today received a cablegram from Berlin giving the dates of arrival and departure of Prince Henry and a list of the party who will accompany him to the United States. Prince Henry will arrive at New York on the Kronprinz Wilhelm Feb. 22, and will sail for Germany on the Hamburg-American liner Columbia March 3. He will be accompanied by Hofmarschall Vice Admiral Von Secundoff and two aids-de-camp, Lieutenant Commanders Schmidt Von Schwind and Von Eick. His chief physician will be Dr. Reich. Herr Von Thirps, the German secretary of state for the navy, with his aid-de-camp, Lieutenant Commander Von Trotha, will also accompany the party. Emperor William will send his adjutant general, Von Plessen, captain of the navy, Von Mueller, and Von Grunne, aid-de-camp to the Emperor. Prince Henry will bring his own valet, Herr Hintz, the chief clerk to the secretary of state, will be one of the party.

Secretary Long today called Rear Admiral Robley D. Evans into consultation respecting the coming visit to the United States of Prince Henry. The admiral has not yet been given written orders detailing him to act as the representative of the navy at the reception, but that matter has been agreed upon, and Secretary Long today charged Admiral Evans with the preparation of a naval programme for the reception, in view of the number of distinguished officers who are now reported to be about to accompany the prince's visit. It is evident that Admiral Evans will require the assistance of a number of junior officers. They will be detailed as occasion requires.

So far the State Department is not officially advised of the approaching visit of the prince, hence it has done nothing toward arranging a programme for his reception and entertainment. It is assumed that the War Department, though orders have not yet been issued, that Major General Brooke, as the commander-in-chief of the Department of the East, will represent the United States army in the reception.

## ARRANGEMENTS AT BERLIN.

## Preparations for Entertaining on Board the Hohenzollern.

BERLIN, Jan. 15.—The latest arrangements in connection with the visit of Admiral Prince Henry of Prussia to the United States is that the prince will meet the imperial yacht Hohenzollern at Hampton Roads, and sail thence to New York.

Elaborate preparations are being made for social entertainments on board the Hohenzollern. By the Emperor's special order a splendid silver service has been sent to Kiel from the royal silver treasures in the old Schloss. His Majesty personally inspected the treasures and selected the service which is to be used on board the Hohenzollern on special occasions. Emperor William's programme is that Prince Henry shall reciprocate the New York and Washington festivities with a grand banquet on board the Hohenzollern, inviting the President, the members of the Cabinet and others. The curator of the silver treasure goes to the United States on the Hohenzollern to take care of the valuable ware. Admiral Count von Boudissh, who is to command the Hohenzollern, arrived here yesterday. After receiving Emperor William's personal instructions he returned to Kiel.

Later in the day it was announced that the government had decided that Prince Henry shall sail for the United States on the Kronprinz Wilhelm, of the North German Lloyd line, Feb. 15. Cabins have been engaged on the ship for the prince and his party. The vessel, though taking other passengers, will first touch at Newport News, where Prince Henry will board the Hohenzollern, which is going there, and not to Hoboken, N. J. The movement of the prince and his party have not been absolutely determined yet. The present programme is to ascend the Potomac river to Washington, where Prince Henry will exchange calls with President Roosevelt. Prince Henry and the President may then go to the launching together. This portion of the programme will depend, of course, on the acceptance at Washington.

German naval officers are eager for assignments to accompany Prince Henry to the United States, and many young noble men are bringing influence to bear to obtain appointments for this duty. The list of possible appointees is also being enlarged. It is believed that the prince's suite to be enlarged. The lack of accommodations for a number of persons on board the Hohenzollern is the real reason why Prince Henry does not sail on the imperial yacht.

The Frankfurter Zeitung publishes a remarkable editorial to-day reviewing American-German relations. The paper says that these were unbrokenly friendly until the German official circles displayed sympathy with Spain at the outbreak of the Spanish-American war. Since that time, the Frankfurter Zeitung goes on to say, the German government has reached the conclusion, somewhat slow, that the great Republic in the West has become a factor with which Germany must reckon everywhere in Europe, America and Asia. The paper regards the immediate development of trade relations as facilitating harmonious co-operation between the two countries.

Emperor William May Come.

LONDON, Jan. 15.—The Candid Friend, a weekly newspaper, claims to be in position to make the announcement that, should Prince Henry's visit to the United States be as successful as expected, Emperor William himself will visit America in the autumn on the Hohenzollern and a large escort of warships.

## PRICE PER POUND

How Much is Good Solid Flesh Worth?

When a little tot that can hardly talk plain calls out for Grape-Nuts before she gets up from the bed in the morning there must be something pleasing about the food.

Her father says, "I can safely say that every pound of Grape-Nuts used in my family has been worth a dollar in gold to me. To illustrate: About five years ago I was ill and run down from 155 pounds to 125. After I got so I could get about, my stomach troubled me and I never could get above 125 pounds, although I tried all kinds of food.

Finally I was put on Grape-Nuts and kept it up for eight months. I realized I was getting up again and when weighed found I had recovered my 155 pounds. I have since been able to hold my own. My stomach is in fine condition.

My family all eat Grape-Nuts and are all improved. I have even written a little tot who can hardly talk calls for Grape-Nuts before she is out of bed in the morning.

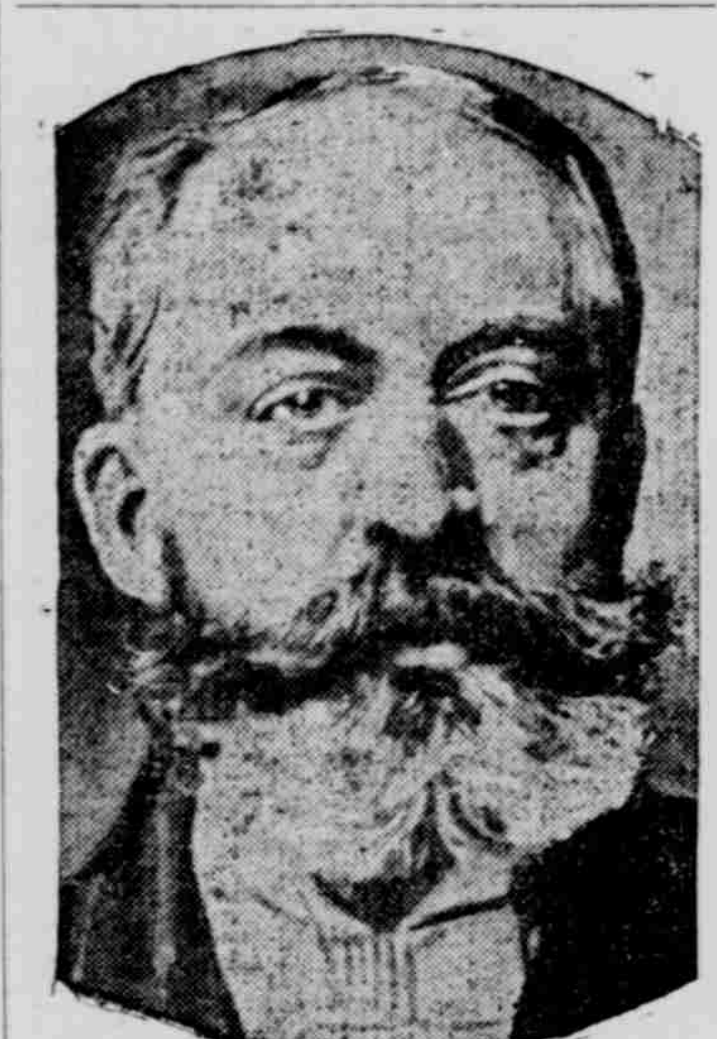

"I stand for nothing but what is right and honest, and am quite willing to publish this letter." F. A. Brainard, Birmingham, N. Y., No. 8 Gold St.

## WOMAN FOR WHOSE SAKE CHIPP EMBEZZLED MONEY.

LOST MONEY AT POKER.

John W. Gates Alleged to Have Dropped \$25,000.

NEW YORK, Jan. 15.—John W. Gates, of Chicago, has been playing poker again, and this time he did not win. He dropped \$25,000.

The game was at the Waldorf-Astoria last Friday night—unlucky Friday. Among those who "sat in" were "Jake" Field, Harry Well, "Billy" Oliver, the horseman, and one or two of Mr. Gates's cronies, not all of the party being men with whom he was accustomed to play. There was some quibbling over the rules of the game, and several times the bet was "raised" less than \$1,000 on the three kings or better, all of which was contrary to the rules of poker, as known in the set.

If Mr. Gates had won \$25,000 this time, or even if he had lost \$25,000 in other company, probably nothing would have been heard of it outside of the room where he played. That sum is only "cigar money" to the Western player. But one of the small winners could not help telling how he had helped to beat the Chicagoan.

Mr. Gates invited a concerted attack by all the other players, according to the way the game was "played over again to-day," by winning a \$7,000 jackpot about midnight.

Mr. Gates was not alone in his loss. He lost only four clubs and a heart against the other man's "aces up." Then the crowd went wild. The game was over. Mr. Gates was left with \$25,000 in the morning he was \$25,000 to the bad.

Mr. Gates consoled himself with the thought that some of the winners were getting back a small piece of their own money. He does not usually lose. He was reputed to be the biggest winner in that famous game of last March, which American Steel and Wire magnates were said to have played on a railroad train to New York and to have continued at the Waldorf-Astoria. The game ran more than a week, and \$100,000 all told was said to have changed hands.
